Dear New Patient,

Welcome to our practice, and thank you for selecting our office for your dental care.

Our goal is to provide the best care possible, with unwavering integrity and clear communication, in a comfortable and pleasant environment. We will make every effort to ensure that your experience here exceeds your expectations.

My team and I are committed to prevention of dental problems and the preservation of your smile for a lifetime. With modern preventive techniques, careful diagnosis, conservative treatment, and your participation, this goal can be achieved.

A patient registration and health history form is enclosed so that you may thoughtfully complete it at your convenience. Please bring it with you to your appointment. If you have dental insurance, please bring in a copy of your card. This will enable us to help you with any questions that you may have about your coverage.

For your first appointment please expect to be here 60-90 minutes with the doctor, for a complete exam and any necessary x-rays, and you will need a separate hour with the hygienist.

If at any time you have questions regarding the treatment, fees or services, please feel free to discuss them with us.

We look forward to meeting you.

All our best,

Jeffrey A. Diamond, D.D.S. and Team
